DIESEL FUEL REBATE REVIEWS

AIT Specialists Pty Ltd is pleased to offer your council a Consultancy based service for the **review and collection of outstanding Diesel Fuel rebates**.

Local Governments throughout Australia have taken advantage of this service with the recovery of millions of dollars in retrospective tax credits for the sector.

A common comment from Council staff is “We know what we are doing...”. The result has proved differently.

Federal rebates for diesel fuel are available in a large number of cases ranging from small to very large returns, however the legislative and statutory requirements can make the process of recovering rebates a daunting process.

AIT Specialists Pty Ltd has developed a simple and unique assessment system which they now offer to Local Government in New South Wales with regard to diesel and fuel rebates. This “**no-obligation**” assessment will include advice to your Council on whether AIT Specialists Pty Ltd can be of any further assistance to you.

All you need to do to commence a review process is :

- Sign and return to AIT Specialists, a pro forma Authority Letter to enable AIT Specialists Pty Ltd to commence the Review (electronic copy available on request);
 - a full list of your plant & equipment;
 - a copy of the last claims lodged (if any) and the data used to estimate that claim;
 - advice re what fuel dispensing systems are used by Council (ie. Fuel cards / bulk tanks in the depot or combination of both);
 - the name and contact detail of the responsible officer within Council who is authorised to liaise with the Consultant (including email, phone, mobile).
- Staff time input is minimal.

There is no cost to your Council

The fee is based solely on 25% (plus GST) of any total retrospective rebate identified and collected by your Council. *There is no ongoing fee.*

As this is a performance based service, AIT Specialists Pty Ltd does not charge for any incidental costs eg travel, accommodation etc.

If you would like to take advantage of this “no success, no charge” service, please contact Ian Trestrail (telephone 0427 619 668, email ian.trestrail@aitspecialists.com.au)
